The Lafayette County Courthouse is the oldest Missouri courthouse still in use. Built in 1847, this temple-type structure is listed in the National Register of Historic Places.

A cannonball fired at the building during the Civil War Battle of Lexington remains embedded in one of the columns.

AREA CODE (314)

TO HIS EXCELLENCY, THE GOVERNOR, THE GENERAL ASSEMBLY AND MEMBERS OF THE JUDICIARY:

On behalf of the Judiciary of the State of Missouri, it is my privilege and pleasure to transmit the Missouri Judicial Report for Fiscal Year 1985. This report details the work of the Supreme Court, Court of Appeals, and the Circuit Court from July 1, 1984, through June 30, 1985.

While the work of the judiciary is simply enumerated in this report, each number is a matter of great importance to the persons directly affected. These are the parties to civil suits, individuals accused of crimes and their victims as well as the jurors, witnesses, lawyers, judges and clerks who have devoted their time, efforts and expertise to ensure a just and prompt result.

The production of this report would not have been possible without the conscientious efforts of the judges and clerks in documenting the operations of the courts throughout the state. It is hoped that this report will provide useful information about Missouri's courts.

Respectfully submitted,

Andrew Jackson Higgins

Chief Justice of the Supreme Court
and Presiding Officer of the
Judicial Conference of Missouri

# YEAR IN REVIEW

# YEAR IN REVIEW

Changes and achievements occurring this fiscal year will affect the judiciary and those it serves for years to come.

Caseloads increased at all levels of the judiciary with judges accepting numerous transfers and assignments to help meet the demand. Several new judges were appointed or elected to the bench. A number of important pieces of legislation which will have a major impact on the courts were enacted. Various court committees, commissions and associations met and worked, making numerous contributions to the functioning of the state court system. The 42nd Judicial Conference met in October, and in July, Missouri hosted the National Conference of Chief Justices and State Court Administrators.

Significant increases were made in the use of automated information and case record keeping systems. In addition, greater efficiencies were made possible in the Circuit Court by development of model record keeping systems and implementation of programs to place temporary workers in a number of offices without cost to the judiciary. Further, divisions of the Circuit Court continued to take advantage of microfilming and central transcription services offered through the Office of State Courts Administrator.

Finally, the courts collected $15.4 million in various fees, judgments and other monies on behalf of the state. In addition, the state received almost $700,000 from the federal government in reimbursement for child support work in the Circuit Court.

**CASELOADS INCREASE**

Workload increased substantially for all levels of Missouri's court system. Appeals and writs filed increased in both the Supreme Court and Court of Appeals. Appeals filed in the Court of Appeals were the highest ever reported as were the number of appeals and writs disposed. In addition, more cases were disposed by opinion than were disposed in any previous year in the Court of Appeals.

Cases filed in the Circuit Court totaled more than 781,000, surpassing last year's total by more than 60,000 cases (8 percent). The number of cases disposed numbered approximately 738,000, some 39,000 (6 percent) more than in the previous fiscal year. Cases filed and disposed in the associate divisions were at unprecedented high levels.

### JUDGES TRANSFERRED TO MOVE CASES

Nearly 1,250 judicial transfers were made by the Supreme Court to enable courts to dispose of cases in a timely manner. Over 900 of these transfers involved judges traveling outside their circuits to hear one or more cases. Twenty-one (21) judges accepted 15 or more transfers each. The judicial transfer is an important factor in the efficient administration of justice in Missouri.

### ASSOCIATE CIRCUIT JUDGES ASSIST WITH CIRCUIT CASELOAD

Associate circuit judges disposed 31 percent of the circuit division caseload by order of the Supreme Court, by assignment of the presiding judge or by local court rule. This surpasses the number of circuit division cases disposed by associate circuit judges in FY 1984 by more than 2,500 cases.

Associate circuit judges disposed 42 percent of the domestic relations cases, 17 percent of the other civil matters, 5 percent of the felony caseload, 69 percent of the municipal trials de novo and certifications, and 60 percent of the misdemeanors filed directly into or transferred to the circuit divisions.

### EIGHT NEW JUDGES APPOINTED/ELECTED

A total of eight new judges were appointed or elected, one in the Supreme Court and seven in the Circuit Court. In addition, one circuit judge was appointed to the Court of Appeals and an associate circuit judge was appointed to a circuit judgeship.

-Supreme Court

Edward D. Robertson, Jr. was appointed to the vacancy created by the resignation of Judge George Gunn who was appointed to a federal district judgeship in St. Louis.

-Court of Appeals

Judge Gary M. Gaertner, a circuit judge in the 22nd Circuit, was appointed to the Eastern District Court of Appeals. Judge Gaertner replaced Judge Joseph G. Stewart who retired.

-Circuit Court

7th Circuit - James E. Welsh was appointed to fill the vacancy in an associate circuit judgeship created by the death of Judge Wayne B. McMichael.

11th Circuit - Lester W. Duggan was elected a circuit judge in the November, 1984, general election.

16th Circuit - A vacancy created by the death of Judge James E. May was filled by Alan B. Slayton, and Edith Messina replaced the retiring Judge Lawrence Smith.

### LEGISLATION IMPACTS JUDICIARY

A large volume of legislation impacting the courts was enacted by the 83rd General Assembly in its First Regular Session. Most of these bills have an effective date of September 28, 1985, unless otherwise noted. Highlights are as follows:

-The Omnibus Judicial Administration Act was passed. Among its major provisions were an increase to $15,000 in the jurisdictional limit of associate civil cases and the elimination of trials de novo in all civil cases over $5,000. These provisions become effective January 1, 1987.

-Criminal proceedings involving the mentally ill and laws regarding the detention of persons by the Department of Mental Health were revised.

-Crime Victims' Compensation Act judgments were increased to $36 and the act was expanded to include defendants whose only sentence was a fine.

-The Child Victim Witness Protection Law was enacted effective July 20, 1985. In addition, the Interstate Adoption Assistance Compact was passed and the crime of trafficking in children was created.

-The probate code was amended by the enactment of the Missouri Transfer to Minors Law, repealing the Uniform Gifts to Minors Law. Revisions were also made in the area of decedents' estates, guardianships and court fees.

-The 16th Judicial Circuit containing Jackson County was divided into an eastern and western portion for the purpose of determining venue. The effective date of this bill is January 2, 1986.

-Senate Bill 388 expanded the usage of interest monies earned on funds in the Circuit Court registry.

### 2.1 PERCENT OF GENERAL REVENUE FUNDS TO JUDICIARY

Just under $57.5 million was expended for the judiciary and the public defender program, only 2.1 percent of all general revenue expenditures. Ninety-four (94) percent of the judiciary's expenditures were for personnel costs, with the remainder appropriated for operating expenses and equipment.

### DISBURSEMENTS/REIMBURSEMENTS TOTAL OVER $16 MILLION

A total of $15.4 million was collected by the judiciary to be disbursed to the Missouri Department of Revenue from filing, transcription and court reporter fees, Crime Victims' Compensation Act judgments, county officers' compensation fund and prosecuting attorneys' training fund collections and other monies.

Through efforts of the clerks, the State General Revenue Fund received more than $695,000 in federal reimbursements for child

support enforcement work. This is about $214,500 (45 percent) more than FY 1984 and reflects the increased participation in the child support enforcement process. A plan to simplify the reporting procedures, aimed at maintaining or improving the level of reimbursement while reducing the burden on the clerks, is scheduled for implementation in FY 1986.

## CVC JUDGMENTS INCREASE

Disbursements to the Crime Victims' Compensation Act fund totaled close to $810,000, an increase of some $218,000 (37 percent) compared to the previous fiscal year. Part of this increase is due to new legislation which became effective during FY 1985 requiring such judgments to be entered in alcohol-related traffic offenses.

Judgments were entered against more than 29,400 defendants sentenced to imprisonment, receiving a suspended imposition of sentence or placed under the supervision of the State Board of Probation and Parole or a county parole officer.

## COMMITTEES/COMMISSIONS ACTIVE

Numerous contributions were made by court committees and commissions.

-The **Circuit Court Budget Committee** administered a budget of over $40 million. In addition, under this committee's direction, a three-year cycle for reviewing the classifications of all clerical positions in the Circuit Court was completed.

-The **Executive Council of the Judicial Conference** agreed to meet quarterly to "provide a forum for a continuing review of the functioning of the judiciary." It also authorized the Legislative Steering Committee of the Judicial Conference to promote and/or approve legislation and recommend changes during the time the General Assembly is in session.

-Four budget disputes were taken to the **Judicial Finance Commission** for resolution. Two of the matters originated in the St. Louis metropolitan area, one in Jackson County and one in Pike County.

-Through work done by the **Judicial Training Committee**, a Missouri College for Trial Judges was conducted in Kansas City and St. Louis; 180 judges attended. In January, a new judges' seminar was conducted for those circuit and associate circuit judges appointed or elected after January, 1983.

-The **Subcommittee to the Judicial Training Committee on Training and Certification of Municipal Judges** was reappointed by the Supreme Court. The subcommittee reviews, recommends and administers the certification course for nonlawyer municipal judges and develops and recommends continuing education programs.

-The **Presiding Judges' Executive Committee** finalized and distributed the Presiding Judge Handbook detailing the roles and responsibilities of presiding judges. It arranged for two meetings of all presiding judges, at which such topics as trial delay and case management practices were studied, and made recommendations for proposed legislation.

-A **Special Juvenile Court Rules Committee** was appointed by the Supreme Court in February, 1985. The committee is charged with studying and making recommendations regarding the Rules of Practice and Procedure in Juvenile Court to accommodate recent changes in public policy.

-The **State Judicial Records Committee** approved and sent to the Supreme Court guidelines for computerization in the Circuit Court. The committee also developed several standardized forms which comply with the 8 1/2 x 11 inch requirement mandated by

Supreme Court rule. In May, it voted to appoint a policy advisory committee to make recommendations for solving problems and providing direction for the Statewide Judicial Information System.

-The **Special Rules Committee on Rule 37** reviewed and recommended to the Supreme Court revisions to Rule 37 relating to practices and procedures in municipal divisions of the Circuit Court. The Supreme Court adopted the rule in May, 1985, to become effective January, 1986.

-The **Committee on Jury Instructions - Civil** developed proposed instructions on a variety of subjects including malice in malicious prosecution actions.

-The **Committee on Jury Instructions and Charges - Criminal** continued to work on a third edition of the Missouri Approved Instructions - Criminal (MAI-CR) which is scheduled for completion in the spring of 1986.

-Both the **Clerk Handbook Committee** and the **Probate Clerk Handbook Committee** made revisions to and completed new sections of their manuals. The handbooks have proved invaluable to deputy and division clerks throughout the state.

### ASSOCIATIONS CONDUCT ANNUAL MEETINGS

In May, the Missouri Municipal and Associate Circuit Judges' Association hosted the 1985 Annual Missouri Courts Conference. Agenda items included DWI and other major traffic offenses, the problem defendant and ordinance case management.

The Association of Probate and Associate Circuit Judges and the Association of Probate and Associate Division Clerks met in Columbia, April 10th-12th. Among the topics discussed at these two meetings were pending legislation, probate statute revisions, the Uniform Commercial Code, records storage, trial procedures and probate and associate issues affecting the division clerks.

The Circuit Clerks and Recorders Association met in Joplin in October. Jury and witness fees, liability insurance for circuit clerks and child support were major topics on the agenda.

### ASSISTANCE PROVIDED IN ACCOUNTING AND RECORD KEEPING

Assistance in more efficiently and accurately maintaining financial and other types of records was provided to Circuit Court offices by the Office of State Courts Administrator. Progress was made in the development of a model pegboard accounting system, financial system guidelines, uniform disbursement records, and accounting review procedures for associate, probate and presiding judges. In addition, cost and fee summaries were distributed to all offices and model procedures for traffic case processing were drafted. When complete, these procedures will serve as the basis for an automated traffic record keeping system to be made available statewide.

### IMPROVEMENTS MADE IN CHILD SUPPORT SYSTEMS

In February, a model one-write accounting system was distributed statewide with offices encouraged to adopt such a system. Guidelines for proper and efficient administration of the child support trusteeships were also distributed. These guidelines as well as other topics relating to child support were discussed at three regional conferences conducted for clerks by the Missouri Child Support Enforcement Unit of the Division of Family Services and the Office of State Courts Administrator. Almost 90 counties were represented.

*This committee completed its work and was disbanded April, 1985.

In April, pilot courts in Adair, Cass, Marion, Pettis, St. Francois and Vernon Counties began testing an automated child support accounting and record keeping system approved by the State Judicial Records Committee. Following full implementation, evaluation and refinements, the system will be made available to other counties that have computerized or plan to computerize their child support functions.

### PRESIDING JUDGES/CLERKS RECEIVE CASE MANAGEMENT REPORTS

Approximately 80 presiding judges and circuit clerks received automated reports designed to assist them in managing their caseloads. Forty-five (45) of these offices receive such reports, including lists of pending cases, printouts of cases pending by age, descriptions of significant events reported for pending and disposed cases and criminal cases pending by status, on a regular basis.

Refinements to the criminal information system implemented at the central site this year resulted in some major improvements to the circuit division criminal reports which are available to the courts.

### COURTS REQUEST AUTOMATION AUTHORIZATION

As required by Administrative Rule 1, five courts requested approval from the State Judicial Records Committee to computerize court records. Though not having received full approval at the end of the fiscal year, they are:

-Montgomery County Associate Division, seeking approval of plans to computerize its criminal records.

-Knox County Circuit Court, with plans to computerize the jury selection process and a court docket list.

-Jefferson County Circuit Court, seeking approval of its traffic docketing, child support enforcement and jury selection systems.

-Lafayette County Probate Division, which plans to computerize its probate court functions.

-St. Charles County Circuit Court, for approval of computerized portions of its child support, traffic, civil and probate functions. The court also plans additional capabilities for the civil system as well as implementation of bookkeeping, jury selection and trial docketing programs.

### REQUESTS FOR TRANSCRIPTS INCREASE

The Central Transcribing Service received 392 requests for transcripts, 38 percent more than the number requested last year. Nearly 36,000 pages of transcripts were prepared, slightly less than prepared in FY 1984. The Central Transcribing Service prepared a total of 271 transcripts, including 169 civil appeals, 54 criminal appeals and 30 guilty pleas and sentencings. In addition, there were 18 juvenile appeals, preliminary hearings and other transcripts prepared.

### COURTS MICROFILM RECORDS

To accommodate the ever-increasing volume of case files, courts statewide continued to inventory, transfer or destroy records pursuant to Administrative Rule 8. To assist in the process two new table-top planetary cameras were purchased, bringing to 15 the number of cameras available for temporary placement through the Office of State Courts Administrator.

The Secretary of State's Office also assisted by continuing to process, copy and provide storage for exposed film submitted by the courts.

### COURTS TRAIN OLDER WORKERS

The Missouri Division of Aging in conjunction with the Office of State Courts Administrator developed plans to temporarily place some 60 part-time workers in Circuit Court offices across the state. These workers, 55 years of age and older, will enter the work force for approximately 20-25 hours per week for up to one year. Offices will provide training and supervision; wages will be paid through the Division of Aging.

# STATISTICAL SUMMARY

# STATISTICAL SUMMARY

**CASELOADS INCREASE AT ALL LEVELS OF JUDICIARY**

Caseload increases occurred at all levels of the judiciary. In the Supreme Court the number of appeals and writs filed increased 6 percent (27 cases) to total 444 cases, with an almost equal number, 449, disposed. More original proceedings were filed than ever before, increasing 23 percent (134 cases).

Appeals and writs filed and disposed in the Court of Appeals were at the highest levels ever reported, with 3,166 filed and 3,177 disposed. The court achieved a 1.00 disposition to filing ratio, the fifth time in the last ten years a ratio of 1.00 or above has been attained.

A total of 781,098 cases were filed in the circuit, juvenile, associate and probate divisions of the Circuit Court, an increase of some 60,000 cases (8 percent). Cases disposed increased more than 39,000 cases (6 percent) to total 737,703. The Circuit Court achieved a disposition to filing ratio of 0.94.

## SUPREME COURT

A total of 19 applications for reinstatement were filed which more than doubled the number filed in any of the four preceding years. These proceedings are brought by attorneys removed from practice or suspended for more than one year due to certain criminal offenses or failure to disclose that they had been removed, suspended or disbarred in another state.

### COURT KEEPS PACE WITH WORKLOAD

The number of appeals and writs disposed surpassed the number filed, resulting in a decrease in the pending caseload. The court disposed 296 writs, compared with 287 writs filed. It further disposed 48 criminal appeals, the same number as were filed, and 105 civil appeals, almost equal to the number filed in this category.

disposed last year by 9 percent. With 2,964 misdemeanors filed, including primarily certifications and trials de novo from the associate circuit divisions, a disposition to filing ratio of 0.82 was achieved. Seventeen (17) circuits achieved a disposition to filing ratio of 1.00 or above.

About 3,900 municipal trials de novo and certifications were disposed, a 22 percent increase and the most cases disposed ever reported. With 3,473 municipal cases filed, the courts achieved a disposition to filing ratio of 1.12.

## RISE IN CRIMINAL AND MUNICIPAL TRIALS

About 4,700 non-jury and jury trials were conducted, the most trials conducted in at least five years. Just under 3,600 non-jury or court trials were held, up slightly since last year and the highest number to date. A court trial was held in more than 2,200 felony cases, 15 percent of the total disposed. A trial by court was also the manner of disposition for 707 (29 percent) of the misdemeanors and 669 (17 percent) of the municipal cases disposed.

An all-time high of nearly 1,100 jury trials were conducted, resulting in 871 felony, 182 misdemeanor and 29 municipal case dispositions. Almost 60 more jury trials were conducted this year than last, an increase of 6 percent.

## JUVENILE DIVISIONS

### JUVENILE CASES DISPOSED EXCEED CASES FILED

While the number of juvenile cases filed declined, the number of juvenile cases disposed exceeded the number filed for the third time in the last four years. A disposition to filing ratio of 1.02 was achieved, with almost 18,200 cases disposed and just under 17,800 filed. The pending caseload was reduced by almost 400 cases. Juvenile cases include both new filings and supplemental proceedings in which a petition is filed and does not reflect all matters referred to the Juvenile Court.

Over one-third (39 percent) of the allegations in the juvenile cases filed involved violations of state law or municipal ordinance; status offenses accounted for 14 percent of the allegations. The remaining allegations stemmed from child abuse or neglect (28 percent), adoption proceedings (15 percent) and termination of parental rights (4 percent). A juvenile case may involve multiple allegations.

### NEARLY 12,000 CASES DISPOSED THROUGH A HEARING

Almost 9,300 uncontested hearings and over 2,600 contested hearings were held, representing 51 percent and 14 percent of the dispositions respectively. The number of contested hearings increased 5

percent over last fiscal year, reaching the highest level in three years. Four hundred sixty (460) fewer cases were dismissed without a hearing this year than last, accounting for 2,842 (16 percent) of the total cases disposed. The remaining cases were disposed by adoption proceedings (13 percent), termination of parental rights (4 percent), transfer (1 percent), or certification to adult court (1 percent).

A court may maintain jurisdiction over a juvenile after a determination of the facts in a petition has been concluded and an order has been entered; this continued supervision is not reflected in caseload statistics.

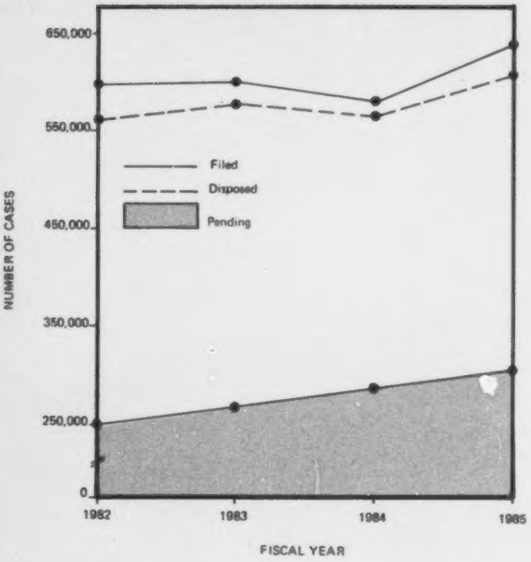
## ASSOCIATE DIVISIONS

### CASES FILED AND DISPOSED SURPASS 600,000 MARK FOR FIRST TIME

An unprecedented 634,852 associate division cases were filed, a 10 percent increase (about 57,200 cases) over FY 1984. Increases occurred for all case types, with the greatest increase in traffic. The courts disposed 602,547 associate division cases, the most cases ever disposed in a one-year period and 7 percent (about 38,900) more cases than disposed last year. Record numbers of traffic, municipal, misdemeanor and small claims cases were disposed.

Figure 17

### ASSOCIATE CIRCUIT DIVISIONS FOUR-YEAR WORKLOAD SUMMARY FY 1982 THROUGH FY 1985



NOTE: FY 1982 was the first year municipal and pending information was collected.

Overall, the increase in cases filed was greater than the increase in cases disposed. Therefore, the disposition to filing ratio for associate division cases declined from last year's record high ratio of 0.98 to 0.95 this year.

**TRAFFIC CASELOAD UP SIGNIFICANTLY**
Statewide more than 386,000 traffic cases were filed, the most in four years and 12 percent (almost 40,000 cases) more than the number of cases filed in FY 1984. Dispositions increased by 10 percent (35,000 plus cases) and a high disposition to filing ratio of 0.98 was achieved.

**INCREASE IN MISDEMEANORS AND FELONY COMPLAINTS FILED**
The number of misdemeanor cases filed reached an unprecedented high of 65,739 cases, compared with 60,231 cases filed last year. Misdemeanor case dispositions increased 5 percent to total 58,772, the most cases ever disposed. The disposition to filing ratio was 0.89.

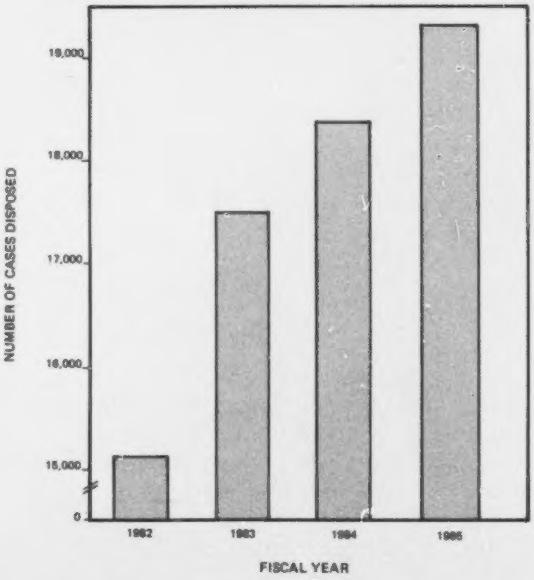
Over 26,000 felony complaints were filed, consistent with the number filed in previous years. Almost 24,000 complaints were disposed at the associate circuit level, resulting in a disposition to filing ratic of 0.91.

**MORE CIVIL AND SMALL CLAIMS CASES FILED**
A total of 98,790 Chapter 517 civil cases were filed, the greatest number in four years and an increase of more than 5,800 cases (6 percent) compared to FY 1984. With 90,744 civil cases disposed, a disposition to filing ratio of 0.92 was attained.

With almost 20,000 small claims cases filed, this was the fourth consecutive year that small claims filings have reached record levels. The courts disposed 18,316 small claims cases, the largest

Figure 18

### ASSOCIATE CIRCUIT DIVISIONS CIVIL AND SMALL CLAIMS CASES DISPOSED BY COURT TRIAL FY 1982 THROUGH FY 1985



number ever disposed. The highest disposition to filing ratio in at least six years - 0.93 - was achieved.

### MUNICIPAL CASES UP

Municipal cases filed in the first instance into the associate divisions also exceeded previous levels—more than 38,500 cases were filed, an increase of nearly 14 percent when compared to the previous year's 33,732 filings. Municipal case dispositions increased 9 percent, totaling 34,005 cases. The divisions attained a 0.88 disposition to filing ratio.

### CIVIL TRIALS INCREASE; OTHER TRIALS DOWN

Non-jury or court trials accounted for a record 19,329 associate civil and small claims case dispositions, an increase of nearly 1,000 court trials. Almost two-thirds of the increase occurred in the number of small claims court trials held.

It appears that since the elimination of misdemeanor trials de novo, there has been a decrease in misdemeanor court trials. Just under 4,000 court trials were held, down significantly from last year. The number of traffic and municipal trials by court also declined slightly to 9,126 trials.

### PENDING CASELOADS REDUCED

While statewide the pending caseload for all case types increased, 36 counties reduced their civil pending caseloads, 35 counties reduced their small claims and/or felony pending caseloads, 31 counties and the City of St. Louis reduced the number of traffic cases pending and 24 counties reduced the number of pending misdemeanor cases.

For the second straight year there were twice as many cases disposed as were pending at the end of the year, resulting in a pending to disposition ratio of 0.50 overall.

## PROBATE DIVISIONS

### MORE PROBATE ESTATES OPENED

Nearly 13,300 probate division cases were filed, almost equal to the number filed last year. Over 12,000 decedents', incapacitated/disabled and minors' estates were opened, the most in the last four years. Nearly 11,000 estates were closed, leaving about 36,300 estates pending. The large pending caseload is reflective of the long period of time estates generally remain open and require the courts' attention.

### WORKLOAD UP FOR INCAPACITATED/ DISABLED ESTATES

More incapacitated/disabled estates were opened and closed than during any previous year. Estate openings numbered 2,606, an 11 percent increase compared to 2,348 estates opened during the previous year. A 15 percent increase was

reported in the number of combined guardianships and conservatorships opened, totaling 1,911. Statewide, 1,640 estates were closed; almost 13,500 estates were pending at the end of the fiscal year.

**INCREASE IN INDEPENDENTLY ADMINISTERED ESTATES**

Nearly one-fourth (2,063) of the 8,437 decedents' estates opened involved independent administration, increasing significantly both in number and percentage over the past several years. Despite a small decrease in the total number of decedents' estates opened, almost 330 (19 percent) more independently administered estates were opened this year than last. The number of supervised administration estates opened was 6,374.

With a total of 8,243 decedents' estates closed, 16,542 estates remained pending.

**RISE IN MINORS' CONSERVATORSHIPS ONLY/GUARDIANSHIPS ONLY**

Despite a small decrease in the number of minors' estates opened, conservatorships were up 42 percent (85) to total 287 estates;

Including combined conservatorships and guardianships, almost 1,000 minors' estates were opened. With nearly 1,100 estates closed, the number pending was reduced to 6,269 estates.

**OVER 1,200 MENTAL HEALTH PROCEEDINGS**

A total of 1,251 petitions for 21-day, 90-day or one-year detention and treatment at a mental health facility were filed, slightly fewer than last year. A higher number, 1,289 cases, was disposed, reducing the pending caseload at the end of the year to only 39 cases.

**INCREASE IN 96-HOUR COMMITMENTS AND SMALL ESTATES AFFIDAVITS**

Nearly 4,900 applications for 96-hour detention and treatment through the Department of Mental Health were filed, the highest number of applications filed to date; just under 4,200 such applications were filed last year.

The number of small estates affidavits received by the courts totaled almost 2,900, an increase of 3 percent.

# DETAILED STATISTICS

# DETAILED STATISTICS

The following tables provide detailed caseload information not included in the statistical summary. Many of the tables include the percentage change in pending, disposition to filing ratio and pending to disposition ratio for each case type. An explanation of the percentage change in pending, disposition to filing ratio, and the pending to disposition ratio is provided below to make the tables easier to understand and use.

**Percentage Change in Pending**—provides an indication of the relative increase or decrease in pending caseload. A positive number indicates an increase in pending cases, zero indicates no change and a negative number means the pending caseload decreased during the year. The percentage change in pending is calculated by subtracting pending beginning caseload from the pending at the end and dividing the difference by the beginning pending.

**Disposition to Filing Ratio**—compares the number of cases disposed to the number of cases filed during the year to give an indication of how well the court is keeping pace with the workload. A ratio of 1.00 indicates that the court disposed of an equal number of cases as the number filed. A ratio of 0.50 indicates that the court was able to dispose half the number of cases that were filed. The disposition to filing ratio is calculated by dividing total dispositions by total filings.

**Pending to Disposition Ratio**—provides an indication of the size of the pending caseload relative to the court's rate of disposition. A pending to disposition ratio of 2.00 means that there are twice as many cases pending compared to the number of cases disposed during the year. The pending to disposition ratio is calculated by dividing the total number of cases pending by the number of cases disposed.

NOTE: This table does not indicate the number of cases that were heard by Judges who had been transferred by Supreme Court order. It is likely that in many instances Judges may have heard several cases during the course of a single transfer.

Total transfers to another circuit do not equal total transfers into the circuit due to the transfer of retired Judges or transfers of Circuit Court Judges to an appellate court.
